

## Section - 2.4: Infinite Limits (Teaching Guide)

Here is a suggested structure for this recitation

### Warm up:

- *5 minutes*: Let students work on the problems in groups.
- *5 minutes*: Bring the class together to discuss solutions.

### Problem 1:

- *5 minutes*: Have every group work on part (a).
- *5 minutes*: Let a group present their solution to (a).
- *5 minutes*: Have every group work on part (b).
- *5 minutes*: Let a group present their solution to (b).
- *5 minutes*: Have every group work on part (c).
- *5 minutes*: Let a group present their solution to (c).

### Problem 2:

- *10 minutes*: Have each group work on the problem
- *5 minutes*: Let a group present their solution, or discuss as a class if there seems to be a lot of confusion on what to do.
